"SAVESTOR AND TRADER"—New York, is a late losse, anys: "Walter C. Tengle, president of the Stundard till Company of Kew Jersey, recently declared that "new oil fields must be meevered to meet the internating demand free oil. . Oil scants are boidly precisiving that New Mexico is about to out-Kanneer Ranner and rank itself with thinknown, Texas, California, Wyoning and Ransas, as one of the big oil states of the country."

Geologists of repute have boldly stated that in New Mer-ico in to be found a continuation of the oil structures that have produced Hanter and Backburnett in Texas and the Garber and Cualting pools of Oktobern.

Your Time Is Limited Texas Petroleum

Seldom does a stock become so popular in such a short time as has Texas Petroleum. Naturally, "there's a reason."

Texas Petroleum is one of the BIG, well organized Companies, conservatively managed and BOUND to

Holdings in three of the World's Greatest Oil Fields and over 5,300 acres in all.

Acreage adjoining our property in Louisiana advances in price daily-and why shouldn't it? Fortunes are changing hands overnight in this sensational field.
